Trey Burdick

Associate

As an associate, Trey works with FFP's clients to structure and execute all types of fund and asset manager financing transactions. Trey has over 5 years of principal investing experience, both for private equity and private credit funds.

Prior to joining FFP, Trey was a private credit investment professional at a \$3 billion alternative asset manager investing in lower middle-market companies across a range of industries. Trey began his career at Lead Capital Partners, a private equity firm investing in healthcare companies in the lower middle-market. Trey's asset management experience includes deal execution, portfolio management and investor relations.
